

RECRUITMENT VACANCY

MANAGING SECURITY CONSULTANT

# 1. MANAGING SECURITY CONSULTANT

LOCATION	Head Office (Stevenage, Herts) with regular travel to client sites
CONTRACT	Full time (average 37.5 hours per week)
SALARY	Up to £75,000 per annum (depending on experience) + Bonus

## 1.1 OVERVIEW

Bulletproof is looking for an experienced consultant to manage our consulting team. As a Managing Security Consultant you will lead a team of information security consultants, based out of our Stevenage HQ. You will initially focus on training the team, assisting with engagements as well as working closely with the sales and project coordination teams to ensure the smooth delivery of projects with new and existing customers.

We are looking for individuals with experience in project driven audit/consulting roles with a strong technical security background and business acumen. You should apply if you enjoy leading from the front and have experience in ISO, GDPR and PCI DSS compliance.

This is an opportunity to be part of an exciting and fast-growing security company with aspirations to innovate compliance and security. We want to bring someone into the team that shares our vision to use technology and (most importantly) talented people to help our customers solve their security challenges.

## 1.2 RESPONSIBILITIES

- Lead a team locally, on engagements, delegating tasks and managing team personal and professional requirements.
- Run all aspects of the customer engagements, including resource management, financial planning and project planning.
- Build, manage and drive client relationships, becoming a long-term trusted advisor for all security matters.
- Lead from the front professionally as a senior team member, setting an example and providing support to more junior team members.
- Drive innovation and improvement in our existing contracts and service offerings to ensure that we are continuously improving.
- Team training and mentoring.
- Aid in presales engagements in order to win new and interesting contracts, as well as maintain existing customers.
- Working with clients and internal teams to implement and manage information and payment security (ISO 27001/PCI DSS) and data protection (GDPR) frameworks.
- Preparing and documenting technical and non-technical solutions to satisfy any compliance requirements.

- Recommend changes to business processes and IT systems in order to bring everything in line with industry best practises and compliance requirements.
- Provide clear and high quality technical and non-technical reports.

### 1.3 BENEFITS

- 25 days' annual holiday
- An additional day's annual holiday for your birthday
- Company pension
- Subsidised gym membership
- Perkbox employee benefits platform
- Frequent team events
- Relaxed working environment

## 2. CANDIDATE EXPECTATIONS

### 2.1 SKILLS REQUIRED

- Management experience.
- Experience/strong knowledge in risk management.
- Experience in performing security architecture reviews.
- Expert technical knowledge of information security principles.
- Expert knowledge of information management compliance frameworks (ISO 27001/Cyber Essentials) and IT security activities.
- Strong understanding of data protection/GDPR and associated regulatory requirements.
- One or more recognised professional qualifications (CISSP, CISM, CISA, ISO 27001 Implementer).
- Data protection qualifications such as EU GDPR Practitioner or CIPM would be an advantage.
- Held previous or current PCI QSA qualifications would be an advantage.
- Excellent client consulting skills with the ability to engage with stakeholders at all levels.
- Experience within a previous project-driven audit and/or consulting role.
- Strong knowledge and understanding of network and system architecture principles.
- Experience in security transformation programmes advantageous.
- Understanding and gaining knowledge in wider the context of our clients and contracts.

### 2.2 PERSONAL ATTRIBUTES

- Focussed on providing great customer service.
- Excellent spoken and written communication skills with the ability to adapt their communication style to different audiences.
- Strong analytical and problem-solving skills.
- Able to juggle competing priorities.
- Able to think laterally and creatively.
- Strong relationship management, negotiation and influencing skills.
- Accurate in approach with strong attention to detail.
- Willing to take responsibility, with a can-do attitude.
- Self-motivated and committed to driving their own development.
- Has a valid driving licence and access to a car.

## 3. COMPANY OVERVIEW
