

RECRUITMENT VACANCY

GRADUATE DEVELOPER

GRADUATE DEVELOPER

KEY FACTS

LOCATION	Stevenage. Herts, UK
CONTRACT	Full time, permanent
SALARY	Competitive
CONTACT	daniel.ross@bulletproof.co.uk

OVERVIEW

We're a fast-growing cyber security company looking for a passionate and technically minded graduate to join our core software development team. This is an excellent opportunity to use the latest tech inside an exciting and innovative business, whilst gaining invaluable experience in the cyber security space to kickstart your career.

PRIMARY RESPONSIBILITIES

You will be joining a small team focussed on developing customer facing and internal systems aimed at protecting our clients from cyber threats. Working in a dynamic and agile environment, you will have constant exposure to new technologies and plenty of opportunities to grow your skills and learn from others. You will be involved in the full software development lifecycle, from rapid prototyping of new ideas to testing and continuous integration. Liaising closely with the other developers, you will be part of a multi-disciplinary team focused on delivering fantastic products and a great user experience for our customers.

- Core product development
- Working on internal tools to improve operational efficiency
- Creating prototype applications in-line with the business product strategy and roadmap

BULLETPROOF BENEFITS

- 25 days' annual holiday
- An additional day's annual holiday for your birthday
- Private medical insurance
- Subsidised gym membership
- Company perks platform
- Frequent team events
- Relaxed working environment
- Enhanced pension contributions
- Additional payments for shift and on-call cover
- Secure bike storage

CANDIDATE EXPECTATIONS

KEY SKILLS & TECHNOLOGIES

- Bachelor's Degree in Computer Science or other related technical discipline
- Experience using a programming language (e.g. Ruby, Python)
- Experience building and delivering web applications
- Experience using relational databases (e.g. MySQL, PostgreSQL)
- Experience of automated testing (e.g. rspec)
- Good understanding of version control tools (e.g. Git)
- Working knowledge of macOS/Linux
- Strong communication skills with the ability to present your ideas to a team
- Strong analytical and problem-solving skills

ADDITIONAL SKILLS

- Experience using common web technologies (e.g. JavaScript, CSS, HTML5)
- Experience with cloud-based infrastructure (e.g. AWS, Azure)
- Experience building API-based applications (e.g. OpenAPI, Postman)
- Experience with big data analytics and machine learning (e.g. Elasticsearch, Kibana)
- Experience with virtualisation/containerisation (e.g. VirtualBox, Docker, K8s)

Please note that as part of the recruitment process a criminal records check will be carried out by an authorised third party.

ABOUT US

BULLETPROOF

YOUR BEST DEFENCE AGAINST CYBER THREATS

Bulletproof's innovative cyber security services are the best way to stay ahead of the hackers, take control of your infrastructure and protect your critical business data. Bulletproof's core belief is driving innovation through our range of cyber security products to deliver true value to the UK market and beyond. Key to our success is the Bulletproof SOC (Security Operations Centre). This is the command centre of our cyber security operations, home to security analysts and researchers as well as being the base of operations for our penetration testing and scanning teams, as well as our strategy/compliance consultants.

Staff are our lifeblood, and we ensure all Bulletproof team members are experts in their individual disciplines, holding relevant qualifications and certifications where appropriate. By way of example, here's a small sample of our staff and corporate certifications:

Bulletproof are:

- CREST approved
- Tigerscheme certified
- PCI DSS v3.2 Level 1 Service Provider
- Cyber Essential Plus certified
- ISO 27001 certified
- ISO 9001 certified

Our Staff are:

- CREST approved
- Certified Information Systems Security Professional (CISSP)
- Certified Information Security Manager (CISM)
- Tigerscheme Qualified Security Test Member (QSTM)
- Certified Ethical Hacker (CEH)
- ISO 27001 Implementer
- CCNA and CCNP Security

SERVERCHOICE GROUP

Bulletproof are part of the ServerChoice Group, an organisation with over 10 years' experience in supplying cloud-based, secure services to clients across a diverse range of industries. The ServerChoice Group of companies is a market leader in providing innovative digital/IT, connectivity and security services. With decades of experience, our focus on delivering flexible world-class services means the ServerChoice Group is proud to be trusted by SMEs and multinational corporations around the world.
