

RECRUITMENT VACANCY

WEB DEVELOPER

WEB DEVELOPER

KEY FACTS

LOCATION	Stevenage. Herts, UK
CONTRACT	Full time, permanent
SALARY	£ Competitive
CONTACT	people@bulletproof.co.uk

OVERVIEW

Owing to our rapidly expanding business in the high-growth world of cyber security, we're adding to our core software development team. This opportunity is for a Web Developer to be the heart of this exciting and innovative group, with plenty of opportunities to grow their skills.

PRIMARY RESPONSIBILITIES

You will be joining a small focused team and will be developing customer facing and internal systems. You will be working with Ruby on Rails in a dynamic and agile environment with constant exposure to new technologies. You should be motivated by both technical and commercial achievement. This is an opportunity to make a real difference to a small team in a rapidly growing company, and to have real influence on its future direction and success.

- Working on internal tools to improve operational efficiency
- Core product development
- Creating prototype applications in-line with the business product strategy and roadmap

BULLETPROOF BENEFITS

- 25 days' annual holiday
- An additional day's annual holiday for your birthday
- Private medical insurance
- Subsidised gym membership
- Company perks platform
- Frequent team events
- Relaxed working environment
- Enhanced pension contributions
- Additional payments for shift and on-call cover
- Secure bike storage

CANDIDATE EXPECTATIONS

KEY SKILLS & TECHNOLOGIES

- Proven track record of delivering web applications
- Proven commercial experience using Ruby on Rails
- Experience of test-driven development (e.g. rspec)
- Experience of Agile development (XP/Scrum)
- Good understanding of version control tools (e.g. Git)
- Working knowledge of OSX/Linux
- Experience of using MySQL/PostgreSQL/Redis
- Strong communication skills with the ability to present your ideas to a team
- Flexibility, commitment and a collaborative approach to working
- The ability to operate under pressure and meet deadlines
- Focus on frequent delivery of working systems

ADDITIONAL SKILLS

- Experience of web services
- Experience of other scripting languages
- Experience of common web technologies (including JavaScript, CSS, HTML5)
- Involvement in the Rails community
- Experience with cloud-based infrastructure
- Building API-based applications
- Stays up to date with emerging technologies
- Good verbal and written communication
- Understanding of 12 Factor App Design

Please note that as part of the recruitment process a criminal records check will be carried out by an authorised third party.

ABOUT US

BULLETPROOF

YOUR BEST DEFENCE AGAINST CYBER THREATS

Bulletproof's innovative cyber security services are the best way to stay ahead of the hackers, take control of your infrastructure and protect your critical business data. Bulletproof's core belief is driving innovation through our range of cyber security products to deliver true value to the UK market and beyond. Key to our success is the Bulletproof SOC (Security Operations Centre). This is the command centre of our cyber security operations, home to security analysts and researchers as well as being the base of operations for our penetration testing and scanning teams, as well as our strategy/compliance consultants.

Staff are our lifeblood, and we ensure all Bulletproof team members are experts in their individual disciplines, holding relevant qualifications and certifications where appropriate. By way of example, here's a small sample of our staff and corporate certifications:

Bulletproof are:

- CREST approved
- Tigerscheme certified
- PCI DSS v3.2 Level 1 Service Provider
- Cyber Essential Plus certified
- ISO 27001 certified
- ISO 9001 certified

Our Staff are:

- CREST approved
- Certified Information Systems Security Professional (CISSP)
- Certified Information Security Manager (CISM)
- Tigerscheme Qualified Security Test Member (QSTM)
- Certified Ethical Hacker (CEH)
- ISO 27001 Implementer
- CCNA and CCNP Security

SERVERCHOICE GROUP

Bulletproof are part of the ServerChoice Group, an organisation with over 10 years' experience in supplying cloud-based, secure services to clients across a diverse range of industries. The ServerChoice Group of companies is a market leader in providing innovative digital/IT, connectivity and security services. With decades of experience, our focus on delivering flexible world-class services means the ServerChoice Group is proud to be trusted by SMEs and multinational corporations around the world.
